Co-pay if applicable \$ \_\_\_\_\_

**Municipal TNR/ FERAL cat program**  
Co-pay if applicable \$ \_\_\_\_\_

**SPAYUSA \$15 co-pay**

**Other** \_\_\_\_\_

**Carefully read the following before signing your name.**

I, acting as owner or agent of the pet named above, hereby request and authorize **No Nonsense Neutering (NNN)**, through whomever veterinarians they may designate, to perform an operation for sterilization and administer vaccinations to the animal named on the above portion of this form.

I give the veterinarian permission to use her/his discretion in dealing with such conditions or any procedure she/he feels necessary.

I understand that the operation that I have elected presents some hazards and that injury to or death of an animal may conceivably result, for there is some risk in the procedure and some risk in the use of anesthetics and drugs provided for the procedure.

I understand that there is a risk in any surgery and I agree not to hold **No Nonsense Neutering** or the medical team responsible in the event of a medical complication, including death.

I understand that some factors significantly increase surgical risk, including but not limited to pregnancy, "in heat", obesity, diseases that affect the immune system and heartworm. I understand that unexpected pre-existing conditions can become apparent during surgery and that complications may occur.

I understand that **No Nonsense Neutering** does not perform a *complete* physical exam before the surgery.

I understand that **NON** emergency care post-operative care is available by appointment and I may need to drive to a NNN clinic other than where surgery was performed. I understand that if I seek veterinary care elsewhere, I will assume full financial responsibility.

I understand that **No Nonsense Neutering** is **NOT** available to deal with post-operative **EMERGENCY** complications if they arise. I understand that if I need to seek veterinary care, I will assume full financial responsibility.

I certify that my animal is in good health with no known illness within the last 2 weeks.

I certify that my animal was without food since midnight the evening before surgery.

I understand that if my animal is pregnant, the pregnancy will be terminated during surgery.

I understand that my pet will receive a green tattoo along the incision for purposes of identifying that my pet has been fixed.

I understand that the use of an E-collar for female cats and all dogs is required in order to prevent an animal from licking the surgical site. NOT for feral cats.

I understand that it takes up to 2 weeks for vaccinations to protect my animal.

I understand that some animals may have an allergic reaction (facial swelling or itching) to vaccines within the first 24 hours. If **NNN** is closed, it is my responsibility to take my pet to a veterinarian or the closest emergency clinic for which I assume financial responsibility.

I understand that if my pet has not been regularly flea treated, there is no guarantee that my animal may not acquire fleas while at this clinic.

I understand that **No Nonsense Neutering** is not a boarding facility and agree to be available to pick-up my animal at the agreed time. (\$20 hourly fee)

**No Nonsense Neutering reserves the right to refuse to perform surgery or to postpone surgery based on the veterinarian's professional judgment.**

- Pet Cat**, male or female: **\$80**
- Feral Cat**, male or female: **\$35** Ear-tip **REQUIRED**

**Additional Services for cats and dogs:**

- Rabies vaccine (included for all cats and dogs)
